Supporting with Revision

Revision is vital for all students but can lead to a great deal of stress and anxiety. We've included some tips below for parents:

- Encourage your child to start revision early – this will also be beneficial for the mock in November.
- Encourage your child to be organised and use a revision timetable and also space out the different topics on the specification.
- Encourage your child to use all the materials that are provided.
- Ask your child if you can help them; checking knowledge, chatting to them over dinner, use flashcards to quiz them etc.
- Encourage your child to attend revision sessions and complete their homework.
- Ensure your child has breaks, eats well and gets a work/life balance.

Revision Sessions

Revision sessions will begin 3rd November and follow the published timetable.

Friday 3:05pm – 4:05pm, room 1-023

Attendance is essential to doing well in GCSE PE, those who attend do well in their exams, simple!

Contacting the department

If you have any questions about GCSE PE please contact the department

Mrs Beardsmore (Head of PE)

<ul style="list-style-type: none">• The structure and function of the skeletal system• The structure and function of the muscular system• Movement analysis• The cardiovascular and respiratory systems• Effects of exercise on the body systems• Components of fitness• Applying the principles of training• Preventing injury in physical activity and training	<ul style="list-style-type: none">• Engagement patterns of different social groups in physical activities and sports• Commercialisation of physical activity and sport• Ethical and social-cultural issues in physical activity and sport

Year 11 GCSE PE Revision/intervention Timetable

Details to be confirmed after Mock 2

Every Friday, 1- 023 Mrs Beardsmore s Room 3:05 to 4:05pm

Revision Books

Revision books and websites can be an excellent resource for revision. But because there are different exam boards with slightly different specification it is important that you are using an

OCR GCSE PE specific book.

This is a good revision guide for our specification.
Others are available but this one is recommended.
