

Dear Parent / Guardian,

We are pleased to announce that we are now in a position to provide students with opportunities to further enrich their curriculum outside of the classroom starting week commencing 12th October 2020. It has always been the ambition of all staff at Newark Academy to provide students with a wide variety of enrichment opportunity to further their personal development and although our offer has been slightly postponed and reduced this year given the challenges that we continue to all face, we feel it is important to be providing our students with these opportunities whilst maintaining the highest possible degrees of health and safety.

To ensure the successful and safe running of this programme we have set the following guidelines:

- After school enrichment will take place during Period 7 - 14:55-15:45.
- Activities are all done within year group bubbles
- For all indoor activities there will be a maximum of 15 students permitted per group.
- Students will be selected for enrichment on a first come first serve basis - then a waiting list.
- Repeated non-attendance will mean a student from the waiting list will take your child's place. A member of staff will be in contact to make you aware of this. We will really appreciate it if you could let us know ASAP if your child changes their mind and no longer wishes to participate in an enrichment activity so we can resourcefully offer this to another student who maybe on the waiting list.
- There is no charge for the activities.
- Staff Led Enrichment Clubs will start on 12th October.

Please use the link below to access a booking form which allows Parents/Guardians to book and give consent for your child to attend staff led after school enrichment activities:

We hope to be able to offer more activities in the coming months – including the addition of enrichment activities run by our excellent external providers.

If you have any questions or queries please don't hesitate to let us know - tdeller@newarkacademy.co.uk.

Yours faithfully,

Tom Deller
